

AVSC Season Rentals

AVSC has season rental packages (skis/boots/poles) available to our Grades 1-2 & 3-4 Beg/Int programs for \$60. The equipment is stored at AVSC and is available for participants to use during practice. The advantage is it is always available for practice and does not need to be transported back and forth between home and the clubhouse. But, it cannot be checked out for use other than practice.

Sign up for these when you enroll. Equipment is available on a first come/first served basis.

We also have a limited supply of rental packages available for our **Spring Gulch** NordWarrior and Kinder program for \$60. The equipment will be checked out at the first session and must be returned at the last session. These are fish-scale skis and not appropriate for skating. Contact John Callahan (jcallahan@teamavsc.org) for more information.

Aspen XC Center 2010-11 Season Rental Program

Thank you to the Ute Mountaineer and Aspen XC Center for making this program available to AVSC participants!
