## **Parking Information – Buttermilk**

Be aware that Buttermilk will still be tearing down the X-Games during the first few AVSC program days. To ensure your safety navigating through the parking lot, please take note of the following guidelines.

### **For drop off only:**

Enter the lot through the entrance located closest to highway 82 and continue straight ahead up to the Hideout. A parking attendant will direct you to the 30 minute lot. All vehicles must pull into a parking space. No vehicles will be allowed to stop in the traffic lane or in front of the Hideout. Remember, this is for your child's safety and also to prevent traffic jams.

### **For all day parking:**

There is limited all day free parking at Buttermilk. Enter the lot through the entrance located closest to highway 82. But remember the spaces are very limited, especially on the first program weekend. If you want to stay all day it is best to take public transportation.

Please think safety first as you travel through the Buttermilk parking lot and respect the parking attendants as they direct you. It is very important that you stay to the areas cleared for AVSC use.

Any questions, please call Base Camp Director Trish Shepard on 205 5160 or email [tshepard@teamavsc.org](mailto:tshepard@teamavsc.org)
